

PRODUCT PROFILE

SUGAR POWDER

SUGAR POWDER

Fine Texture | Consistent Quality | Bulk Supply | Customised Packaging

Product Overview

Danish Agro Farms offers quality Sugar Powder, also known as powdered sugar or icing sugar, for food manufacturers, bakeries, confectionery producers, wholesalers, distributors, restaurants, hotels, and commercial kitchens.

Sugar Powder is a finely ground sugar ingredient valued for its smooth texture, sweet taste, and versatility in food preparation. It is widely used in bakery products, cake icing, frosting, biscuits, desserts, confectionery, sweet coatings, and various food formulations where a fine sugar texture is required.

Danish Agro Farms focuses on sourcing sugar powder according to customer requirements, intended applications, and agreed product specifications. We aim to support business customers with suitable product grades, reliable supply arrangements, and packaging options for commercial and industrial use.
